

ready-to-go
PACKAGING SOLUTIONS
that save you money

No tooling. No prototyping. No waiting. With Western's inventory of versatile molded fiber inner pack, you get the packaging protection you need when you need it. *All items listed in this flyer are always in stock.*

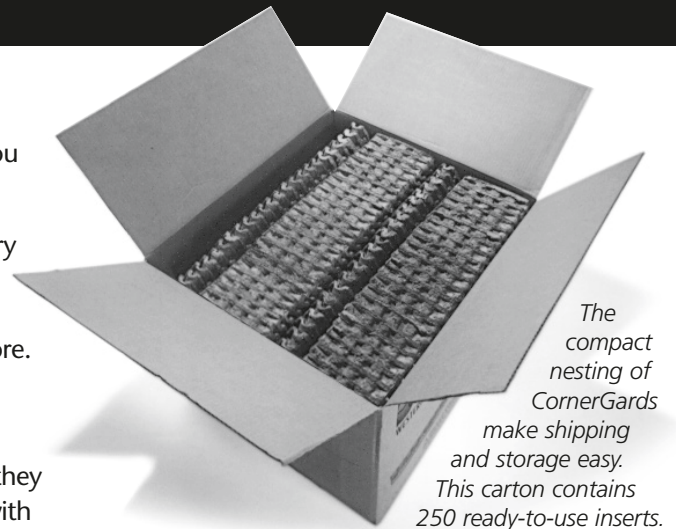

Western is the only manufacturer that provides a well-stocked inventory of molded fiber packaging inserts available throughout the U.S. Select from a full range of CornerGards™ and EdgeGards™ to ship casegoods, kitchen/bath cabinets, store fixtures, RTA furniture, electronics and more.

Our products are ready to use and easy to install right out of the box.

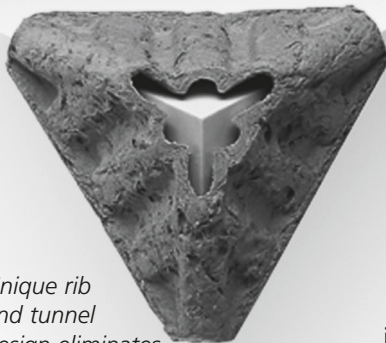

There's no repetitive folding. No assembly.

Less labor. Then once installed, they stay in place. And with

Western's no-waste EdgeGard, one size fits all.

The compact nesting of CornerGards make shipping and storage easy. This carton contains 250 ready-to-use inserts.

Unique rib and tunnel design eliminates pressure points and abrasion on corners and edges.

CornerGards™ and EdgeGards™ are like **low-cost** product insurance

Both CornerGards and EdgeGards incorporate a unique geometry of ribs and tunnels which provides impact protection without direct contact to corners and edges. The no-edge contact also eliminates edge abrasion.

Protect your product from shipping damage and keep your customers happy. The cost is just pennies per pad. But CornerGards and EdgeGards protect thousands of dollars in sales and customer satisfaction.

sourcing the best inner pack

We'll help you identify the most cost-effective way to use Western's off-the-shelf inner pack. Then, we'll determine the best way to get them to you from one of our nationwide distribution points.

We're committed to responding quickly and efficiently to your orders and inquiries. Our Customer Service team is known for its friendly, knowledgeable assistance. Call or email today.
